

2019 LEGISLATIVE PRIORITIES

Developed and adopted by superintendents, principals and special education directors to ensure quality education in Idaho and to effectively manage our state's educational resources

- * A school funding formula that supports a thorough, equitable and uniform system; creates flexibility; and accounts for unique student needs
- * Operational funding to address current costs of health care premiums, transportation, special education, utilities and facility maintenance
- * A school funding formula designed to retain highly-qualified teachers, classified personnel, pupil services personnel and administrators
- * Increased funding for technology infrastructure and digital content
- * Improved school security and student safety by implementing preventative measures, expanding student social and emotional supports, promoting best practices and enhancing facility and technology upgrades
- * Improved accountability through streamlined reporting requirements to the states, thereby reducing the burden on districts and focusing on outcomes
- * Increased role of K-12 in workforce development initiatives
